Overview

This audit has been prepared for **Cooked Rice** to review the main aspects of the project and help investors make an informed decision in the research process.

Disclaimer

This audit is only to the Smart-Contract code at the specified address.

TTEB Finance is a 3rd party auditing company that works on audits based on client requests. And as a professional auditing firm, we check on the contract for any vulnerabilities, backdoors, and/or scam scripts.

Any concerns about the project themselves need to be raised directly to the project owners and not through TTEB Finance.

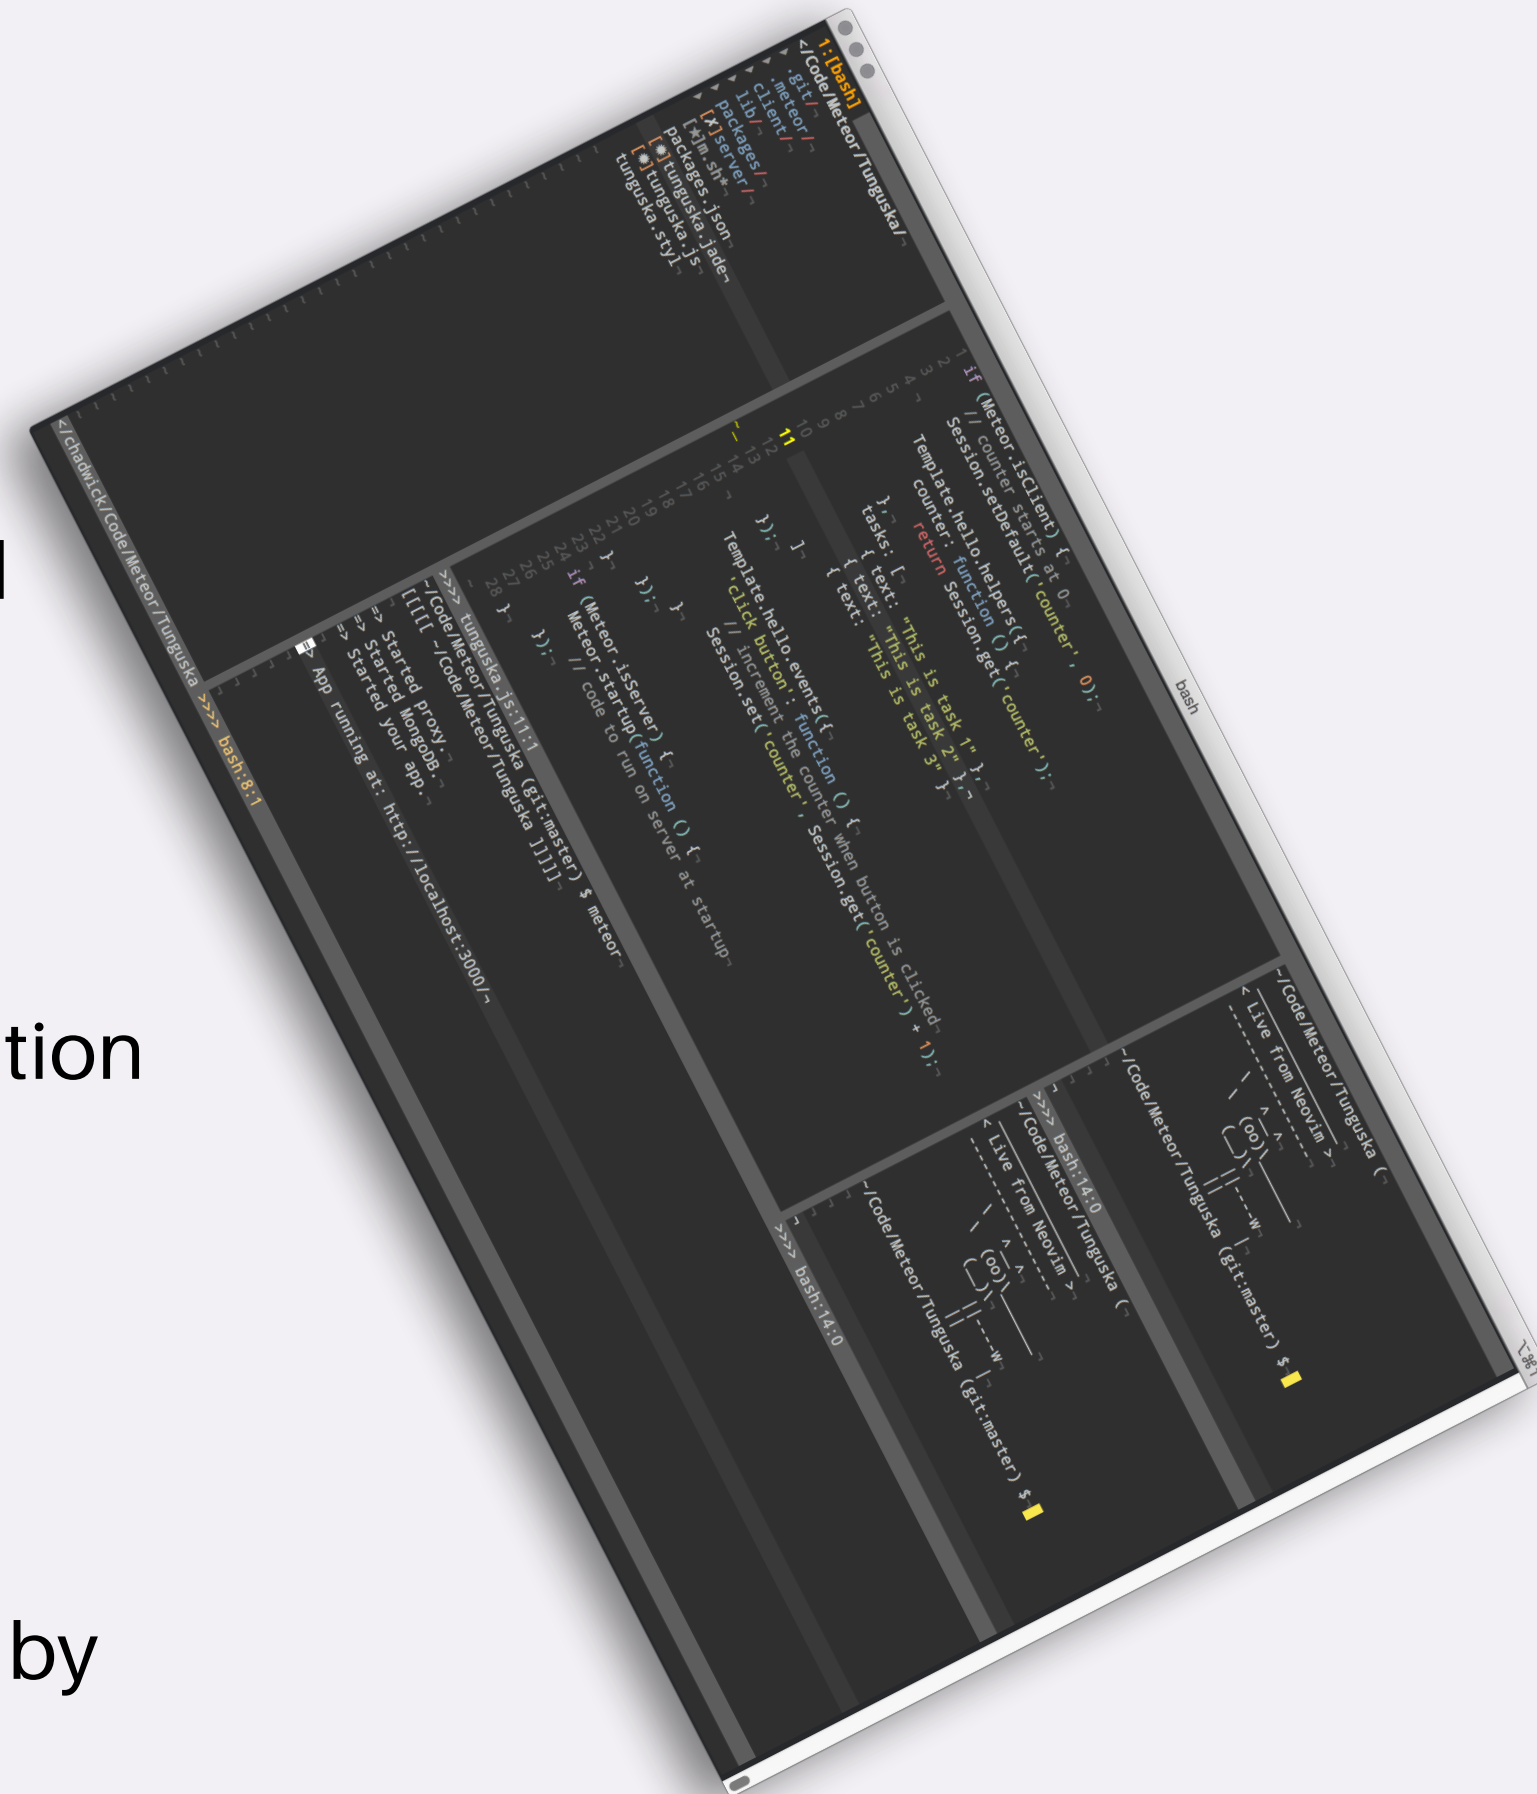

Investors are not in any way obliged, coerced or influenced to invest in projects audited by TTEB Finance.

NOTE: We ONLY consider a project safe if they receive our "Certificate of Trust" NFT. This report only points out any potential red flags found in our analysis. Always do your own research before investing in a project.

Smart Contract Review

The contract review process pays special attention to the following:

- Testing the smart contract against both common and uncommon vulnerabilities
- Accessing the codebase to ensure compliance with current best practices and industry standards.
- Cross referencing contract structure and implementation against similar smart contracts produced by industry leaders.
- Ensuring contract logic meets the specifications and intentions of client.
- Thorough line-by-line manual of the entire codebase by our experienced team.
